

## How to Bookmark Fluency Flex

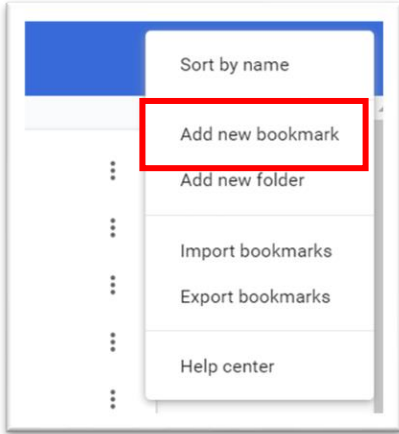

1. Go to your Chrome settings on the top right (3 dots) > Bookmarks > Bookmark Manager

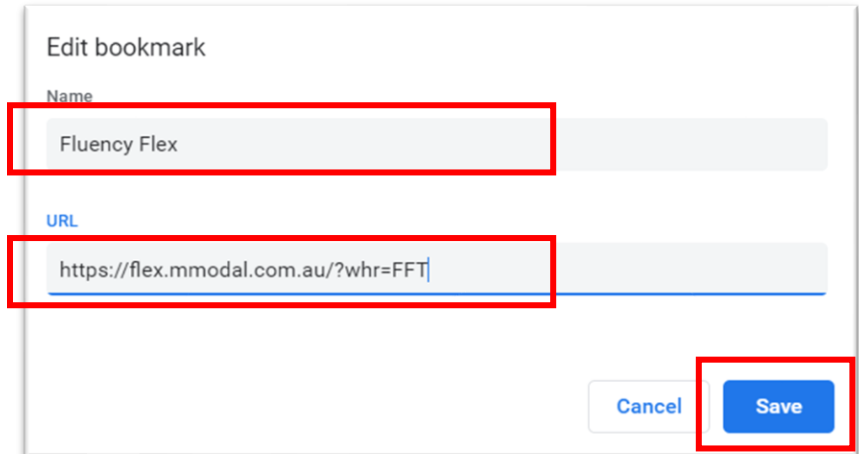

2. This will open a page. Go to the top right again and click on the settings (3 dots)

3. Click on "Add New Bookmark"

4. Enter in the details in the image below and click save. Make sure the URL is <https://flex.mmodal.com.au/?whr=FFT>

5. It should now be in your bookmarks in the toolbar
