

## Campus Suitability Assessment Information

### Clinic D

The Campus Suitability Assessment gives us a preliminary indication of which campus the patient is likely to require for their surgery, prior to their PAC assessment. **The main aim of this process is to ensure that patients who require a Footscray list do not end up on the surgical waiting list of a Surgeon who only operates at Williamstown.** If this occurs, it results in long wait times for the patient, and the SLNs needing to try to move the patient to another waitlist or arrange a Footscray theatre list for the Williamstown Surgeon.

If this patient is likely to be **Footscray suitable only** based on the Campus Suitability Form, then check if they have been consented by one of the Williamstown-only surgeons below.

If **yes**, call Jessy Doherty 0481 466 533 or Aleks Cecati 0403 778 670 (see list below to find out which SLN to call).

Orthopaedics is a highly specialised unit with surgeons only operating on patients they see in Clinic. All RFA's clearly need to stipulate an Allocated Surgeon – **RFA's stipulating "ANY" surgeon will not be accepted for waitlisting by SLN's and cannot proceed for review through Clinic D until discussed with a Consultant in clinic on the day.**

Ask the patient to wait in Clinic D while you discuss with another surgeon (who operates at WHF) to see if they can take over care.

The Orthopaedic Surgeons below have regular lists **only** at Williamstown (no Footscray lists):

Surgeon	Surgical Liaison Nurse
Prof Phong Tran	Aleks
Dr Lachlan Batty	Aleks
Dr William Pianta	Aleks
Dr David Shepherd	Aleks
Dr Duy Thai	Aleks
Tran Fellow (Amy Bauer)	Aleks
Dr Dan Sydenham	Jessy
Dr Cam Fary	Jessy
Dr Ishfaq Hussaini	Jessy
Dr Brett Moreira	Jessy
Dr Michael Bullen	Jessy
Dr Rohan Sheehy	Jessy
Dr Adrian Talia	Jessy

If you have any questions about this process, please contact the Orthopaedic SLNs:
